

ENVIROGREEN 1000 ALL PURPOSE LAWN MIX

- Low growth & good density
- Good wear tolerance
- Low maintenance

APPLICATION RATE

1.5-2 kg/100m², 3-4 lbs/1,000ft²

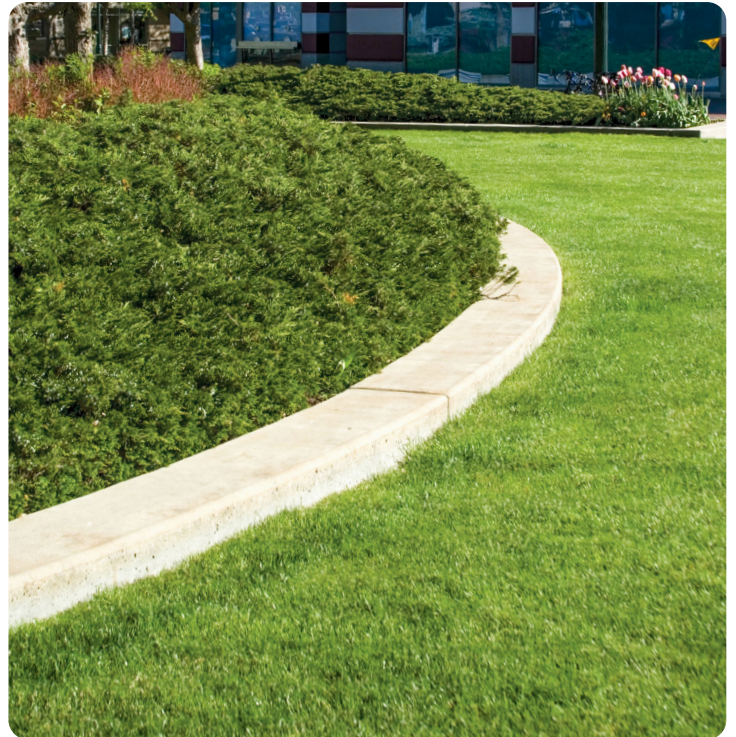

GERMINATION

7-21 days

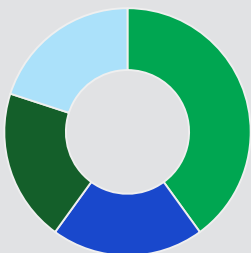

DESCRIPTION

ENVIROGREEN 1000 is designed for overseeding an existing lawn or establishing a new lawn. It is designed to meet the strict environmental management/IPM requirements required in municipalities today.

ENVIROGREEN 1000 is suitable for locations where maintenance restrictions are in place and a natural appearance is preferred. ENVIROGREEN 1000 provides a fast germinating, quick establishing, high density, low maintenance quality stand. This blend also contains a higher percentage of perennial ryegrass to provide a natural solution to weed control. ENVIROGREEN 1000 is endophyte enhanced for natural insect resistance and diseases control.

MIX COMPONENTS

40%	Certified Creeping Red Fescue
20%	Certified Hard Fescue
